HARMONY MUSICAL PRODUCTIONS launches Event Entertainment Program

Harmony Musical Productions proudly announces the launch of their new event entertainment program, providing a completely unique format not available anywhere in the area.

Available for private and corporate events such as conventions, receptions, galas, reunions, parties, and fundraisers, Harmony brings an entire theatrically staged musical show where requested, including set, props, sound designed by Rebecca Herivel, and actor musicians from the growing pool of professional talent to handle growing demand, all completely transportable.

Currently, two shows are available for booking. “Musical Comedy Cabaret” and “A Taste of Broadway”. Both shows, created and directed by Cat Christ, have a 20-song, 3 vocalist plus piano and drum format. All productions engage the audience to create a more intimate, personal, and memorable experience. And with a photographer capturing the crowd throughout the event, memories to go about!

“Musical Comedy Cabaret” is HMP’s newest production. It is filled with fun and whacky moments featuring musical theatre and comedic cabaret numbers such as *Big-Ass Rock*, *Pandemonium*, and *They Don’t Let You In The Opera If You’re A Country Star*, as well as a few numbers from our Broadway show like *Bosom Buddies* and *The Ladies Who Lunch*. The penultimate 14-well-known-song number, called *Musicals In A Box*, is actually a musical game which stars the audience who is invited to dive into prop bins and play and sing along, adding a rousing layer to the interactive experience.

“A Taste of Broadway” is a beautiful staged song collection from Broadway shows, some iconic, some obscure. This is a slightly revised, tour-friendly version of Harmony’s recent premiere success of “An Evening of Broadway”, which debuted in November of 2018. Including Cat Christ’s arrangements of *I Dreamed A Dream* and *Over The Rainbow*, as well as songs from shows such as *Hair*, *Gypsy*, *Company*, and *Mame*, “A Taste of Broadway” is a delightful musical journey of beauty, heartache, comedy, and joy.

Harmony Musical Productions is led by co-founders and entertainment veterans Cat Christ and Erin O’Reilly. Christ, Artistic Director, has over four decades of professional musical and theatrical performance experience. O’Reilly, Design Director, has a lifetime background in theatre, music, and design.

HMP’s Booking Wizard is Angela Faro. Ms. Faro, with an extensive background in directing, film production, and comedy improv, is the voice with heart that is a knowledgeable pleasure for clients to communicate with when inquiring and booking a show.

The touring portfolio will expand in time. In development and pre-production are the next several shows: "An Evening In The Tropics," "Like A Totally Awesome 80s Musical Party," "A Fairy Tale for Everyone," and "Life in Song".

It is the HMP passionate mission to share creations of harmony with everyone that can hear them. Everyone.

Simply: Dissolving the fourth wall to blend the hearts of audience and performer creates magic that transcends "merely putting on a show".

Harmony Musical Productions bring the magic of harmony to you.
